Dominion Day Celebration

Large Crowd at John Gripp's

The town had a very despatched appearance yesterday to those who did not leave to attend one of the numerous Dominion Day Celebrations.

Bright and sunny weather favoured the holiday makers the majority of whom attended the celebration at John Gripp's place. The Oyen Ball team and Band were very much in evidence during the day, the former having no trouble whatever in winning the first prize from the Kennal team, and the selections rendered by the latter were most creditable.

A crowd numbering in the neighbourhood of four hundred assembled to watch the ball game and other sports.

Mr. W. D. Bentley started the programme off with an address "Why we celebrate Dominion Day," after which a ball game between Oyen and Kennal was played. The Kennal boys played a rugged game and their fielding was most erratic. With practice they have the material for a fair team and will undoubtedly give a better account of themselves at some future date. The Oyen team all played well and won out by a score of 23 to 1.

After the ball game, three horse races were run off. The first, a half mile Farmers' Trot or Pace, did not furnish much excitement. The second, a half mile dash, proved most interesting. Next came a Ladies' Noyalty Harness race, in which a whirlwind finish was witnessed.

The horse races were followed by a variety of foot races after which a grumpy pig was turned loose and chased by the multitude to the consternation of the pig and the amusement of the spectators, and after a game struggle finally captured.

A tug-of-war was the next item on the programme and was won by a team from Oyen. A baby show aroused keen interest.

A very enjoyable dance held in the evening was well attended and continued until after dark.

Automobile Accident

En Route for Empress, Car turned Turtle, about Six miles South of Alask

About six miles south of Alask, a party which consisted of Mr. DeWitt, Alex McDonald, F. Faltant, W. West and C. D. Stephenson, came to grief when Mr. Stephenson, who was driving, lost control. The car shot off to the left and turned turtle, throwing four of the party clean out on to the prairie, while the fifth member of the party was completely hidden from sight under the body of the car. Except for minor bruises the party was unharmed and at once went to the rescue of their companion, whom they found whole and practically unharmed when they lifted the car up and got him out.

One of the rear wheels was ripped right off its axle, and the car was otherwise damaged. Two of the party returned to Alask on foot and returned in a car with a man from the garage who repaired the damaged

Free Exchange

A printed notice that a man in the city of
New York contains the following injunction: "If payment is
made with an out-of-town cheque ten cents must be added
to cover cost of exchange." This reminds us that in no other
country, the commerce of which is comparable with that of
the United States, is a man penalized for paying his debts.

Free or virtually free exchange is a cardinal feature of
every sound banking system. The idea is to make getting
the money to the place where it is due as cheap and easy as
possible. There may be some excuse for charging exchange
on a country cheque; but, at least, a cheque on a bank in a
clearing-house city ought to go at par in any other clearing-
house city, for virtually no expense attaches to collecting it.

There is a good deal of speculation as to just how far
the new banking system will make collections free. If
should make them absolutely free among cities.

The above editorial is from the Saturday Evening Post,
and the idea of free exchange between cities is a good one,
from the public's point of view, but the writer is in error
when he says that in no other country is a man penalized for
paying his debts. Every bank in Canada charges exchange
on out of town cheques, and it is hardly likely that the aboli-
tion of exchange between cities in this country will receive
the favor of the Bankers' Association.

There seems no reason however why the amount of ex-
change should not be cut in two.

A Celebration is a "something" which gives us an ex-
cuse to say "never again"—without really meaning it.

Any Alberta town that uses water instead of oil for
sprinkling the streets this season is subject to a charge of
disloyalty to a promising provincial industry.—Vancouver
Province.

What about sprinkling Main Street with oil? There
are days when the dust is so bad that pedestrians cannot
cross the street without getting about a quarter section blown
in their eyes.

Ontario Stays "Wet."

The election in Ontario proves that the people are not
prepared to be left without bars, and the result was pre-
tly much as anticipated. That the "Abolish the bar" move-
ment is gaining ground will not be denied, but drastic re-
forms are not to be made in a day and a vast majority re-
mains to be convinced that a barless province is the best pro-
vince.

If we are going to do away with a fire because a child
burns itself there, we must find a substitute for the fire, and
if the "Abolish the Bar" party wish to make more rapid
headway, some substitute for the bar must be suggested.

Do you want a First Class Calf As a Premium?

At Sudden View farm Mr. Whitlock has a splendid Shorthorn and Ayrshire calf growing up. We are going to give this calf away on the following conditions on August 6th:

On July 6th, we will take a bunch of shingles from the pile, and securely box it so that no access may be had to it in the interval.

With every purchase you will receive a bill which is numbered. For each five Dollars of your purchase for cash you will be entitled to a guess at the number of shingles in the bunch. For each Ten Dollars paid on account or on your note you will be entitled to a guess, or for the payment in full of any account which does not amount to Ten Dollars. Your guess will be marked on the back of the bill you get.

The person guessing the correct number of shingles which are in the bunch, which will be counted on August 6th, will get the calf. In event of more than one absolutely correct guess the first sales slip having correct guess will be the lucky winner of the calf.

The Wear and Stress of Weather

Extremes of heat and cold, days of soaking rain, followed by hot, blistering suns, such variations of weather as only Western Canada can furnish, test the wearing quality of out-door paints as no other climate could do. The paint that can come triumphantly through tests such as these and grow in popular favour year by year, as STEPHENS' Paint has done, should be a pretty profitable investment for anyone thinking of Paint.

OTHER—BRAY.

On Thursday afternoon, June 25th, at the home of the bride's parents on 18-28-2, Sibbald, Miss Jean Mary Bray was united in marriage to Mr. John Otten of Bayton. The ceremony was performed in the presence of the immediate friends of the bridal couple by Rev. Geo. A. Steele of Oyen.

Jack Johnson still Holds the Heavy Weight Championship

The fight between Jack Johnson, the heavy weight champion of the world, and Frank Moran, of Pittsburg, took place on Monday, June 27th. From the start it seemed as if Moran would not be able to hold out for long but he was game and stubborn, and stood up to the negro for twenty rounds. Johnson's superior skill and his effective upper cutting, however, wore down his opponent and won the match which at times seemed uninteresting.

Additional Locals

Miss Helen Page, sister of Mrs. W. E. Gilmore left town this afternoon for Calgary, en route for her home, in Chipman, Alta. Miss Page came here from Saskatoon about two weeks ago, and reports that her visit to this district has been the most enjoyable part of her trip since she left home last March. As Miss Page visited Minneapolis, Minn. during her trip, this is saying a good deal for Oyen. Mr. and Mrs. W. E. Gilmore were in town to see their sister off.

Miss Y. G. Young, of Radisson, Sask., who has been visiting her father, the Rev. Jas. Young, of Seal, returned last Tuesday morning.

SHIP WHICH BREAK IN TWO

An Accident to Oklahoma May Explain Some Mysterious Disappearances

Important questions are raised by the wreck of the tank steamer Oklahoma which should not be lost in the tragedy of the life-line and the remarkable escape of part of the crew. This ship was constructed new-built no longer ago than 1908. It was a gross tonnage of about 4,000. But either when balanced on top of a wave or when lifted up by a sea of two waves, it broke in two apparently as quick and as clean as if it had been cut by a knife. The fact that this bulkhead cracked down for some time a full load of steam and nearly ran down the low hull which kept about until sunk by the action of a derelict destroyer.

How Hammer of Death Struck James

The old parish church of Plumstead is probably at least 1,000 years old. The picturesque churchyard, a chancel house of the 16th century, during his visits to Shroton Hill, contains a delightfully chosen "dramatic epitaphs." One of these, on "Master James Darling, aged 10," teaches the lesson of moderation. The churchyard is the scene of a tragedy. Speaking from his tombstone, Master James Darling, aged 10, says: "The hammer of death was sited to me for eating the cherries off the tree."

HOW TO CURE STOMACH TROUBLE

The Common Cause is Lack of Blood—Therefore You Must Build Up the Blood

There is the most intimate relation between the condition of the blood and the activity of the stomach. The blood depends upon the stomach for its nourishment. When the stomach is weak, the blood is weak. When the blood is weak, the stomach is weak. This is the common cause of indigestion. It is the most common cause of indigestion. It is the most common cause of indigestion.
